

Employment “best  
practices” for business  
owners, employers and  
supervisors.

## 2025 is the year of “Compliance”

California’s employment laws are complex, and the consequences of non-compliance can be devastating. TLD Law offers proactive compliance services to identify risks and implement solutions before violations, penalties (and litigation) occur.

Learn from Shannon and her team how—and where—to spot compliance issues in your business operations. Talk to us about documentation, policies, practices and trainings you can implement (today!) in order to reduce exposure. Ensure that you have your legal team in place and ready to respond before you need it.
